INTERLOCAL AGREEMENT FOR E911 AND NON-EMERGENCY DISPATCH SERVICES
BETWEEN ASOTIN COUNTY AND CITY OF ASOTIN

This Interlocal Agreement for E911 Emergency Communications and Non-Emergency Dispatch Services (hereinafter referred to as “Agreement”) is made and entered into by and between ASOTIN COUNTY (hereinafter referred to as County) and the CITY OF ASOTIN (hereinafter referred to as City) also referred to as PARTIES pursuant to RCW 39.34.

WITNESSETH:

WHEREAS the County has entered into an agreement with WHITCOM COMMUNICATIONS CENTER for the purpose of providing emergency and non-emergency communications services (that document is attached as Exhibit A and incorporated by reference); and

WHEREAS the Interlocal Agreement is for the benefit of the County and provides services to Asotin County, the City of Clarkston, Asotin Fire District No. 1, the City of Asotin and Blue Mountain Fire District; and

WHEREAS: The City of Asotin provides law enforcement and fire suppression services within the City and has used WHITCOM services in the past and wishes to continue utilizing WHITCOM services; and

WHEREAS both the City and County believe that the best and most efficient use of current resources is to enter into a contract that extends WHITCOM services to the City and;

NOW THEREFORE, the County and City agree as follows:

1. The City will receive the same services as set forth in the County’s contract with WHITCOM for emergency communications, non-emergency communications and dispatch services. These services will be provided from July 1, 2014 through June 30, 2019 subject to the early termination provisions contained in paragraph 9 and subject to a mutually agreed extension as provided in Paragraph 4.

2. Pursuant to recommendations of the Advisory Committee, the cost of the services will be based on events (calls plus traffic stops) made through WHITCOM from a yearly report from Whitcom. The County will request a report of events from WHITCOM to be delivered by March 31 of every year. The report will be distributed to members of the members of the Advisory Committee, elected officials and the County E 911 coordinator upon receipt. The proportionate share of the calls reported by WHITCOM will be calculated annually by the County and the change in cost will be effective July 1 of each year of this contract.
3. Based on the recommendation of the Advisory Committee the cost for each entity will be calculated in the same proportion as the proportion of Whitcom events (calls plus traffic stops) for Asotin County, City of Clarkston, City of Asotin and Asotin County Fire District No. 1 (Blue Mountain Fire District) is currently using the system free of charge, but nothing in this agreement prevents the County from seeking a subscription fee or other payment from Blue Mountain Fire District.

The cost will be determined by subtracting the Whitcom contract amount from the annual E911 excise tax revenue multiplied by the percentage of total Whitcom events (calls and traffic stops) reported by Whitcom.

3.1 For July 1, 2014 through June 30, 2015, the proportions calculated from 2013 call volume will be:
Asotin County - 37.28% of the 2013 call volume for an amount of $48,486.00, difference between WHITCOM billing and County E911 tax revenue

City of Clarkston - 48.62% of the 2013 call volume for an amount of $63,220.00, difference between WHITCOM billing and County E911 tax revenue

City of Asotin - 6.53% of the 2013 call volume for an amount of $8,498.00, difference between WHITCOM billing and County E911 tax revenue

Asotin County Fire District No. 1 - 7.57% of the 2013 call volume for an amount of $9,840.00, difference between WHITCOM billing and County E911 tax revenue

Blue Mountain Fire District - 0% of the difference between WHITCOM billing and County E911 tax revenue

3.2 For July 1, 2015 through June 30, 2016, the proportions calculated from 2014 call volume will be:
Asotin County - 36.13% of the 2014 call volume for an amount of $25,635.00, difference between WHITCOM billing and County E911 tax revenue

City of Clarkston - 51.42% of the 2014 call volume for an amount of $36,478.00, difference between WHITCOM billing and County E911 tax revenue

City of Asotin - 4.17% of the 2014 call volume for an amount of $2,960.00, difference between WHITCOM billing and County E911 tax revenue

Asotin County Fire District No. 1 - 8.27% of the 2014 call volume for an amount of $5,870.00, difference between WHITCOM billing and County E911 tax revenue
Blue Mountain Fire District - 0% of the difference between WHITCOM billing and County E911 tax revenue.

3.3 For the term of this agreement July 1, 2014 though June 30, 2019 the City shall pay to the County in quarterly increments (July, October, January and April).

4. This agreement may be extended beyond the termination date subject to negotiation between the County and the City, and subject to any terms agreed upon by the County and WHITCOM. The parties agree to commence extension negotiations a minimum of six months prior to the end of the term of the Agreement or upon receipt of proposed new agreement from WHITCOM, whichever comes first. Neither the City nor the County is responsible for the independent acts and/or omissions of the other PARTY, and its officers, employees, and agents. Nothing in this agreement prevents the parties from considering any recommendations of the Advisory Committee at any time.

5. Further, it is the intent of the PARTIES that each PARTY shall be responsible for the negligent, willful, or intentional acts or omissions of the PARTY and its officers, employees and agents. Each PARTY agrees to indemnify, defend, and hold harmless the other PARTY, its agents, officers, and employees from all claims whatsoever that may arise against the other PARTY as a result of the negligent, willful or intentional acts or omissions of the PARTY and its officers, employees and agents. Each PARTY shall process and defend, at its own expense, any and all claims of whatsoever kind or nature, with respect to that PARTY’S acts or omissions of services or otherwise in response to E911 or emergency or non-emergency dispatch calls from WHITCOM.

6. In recognizing that each PARTY can only receive budget approval for one (1) fiscal year at a time, non-appropriation will be a legitimate reason to release from this agreement provided thirty (30) days’ written notice is given to the other PARTY; and no other funds are appropriated for the same fiscal period that would provide essentially the same or similar services (emergency communications, emergency and routine dispatch, and related services set forth herein) as outlined in this agreement.

7. This agreement may be terminated by either the City or County upon one (1) year’s prior written notice. If this agreement is terminated prior to the expiration of its term, payment for emergency communication and dispatch services will be prorated to the date of termination. Rates of payment are set forth above. In the event a PARTY fails to timely make a quarterly payment, the County shall provide the PARTY with notice of non-payment. The PARTY shall have 30 calendar days from the date the notice is received to cure the non-payment or to demand mediation to resolve the dispute over payment. If mediation is unsuccessful in resolving the payment dispute, the County may terminate the Agreement 30 days following the conclusion of the mediation.
8. The City’s obligations and the County’s obligations hereunder are contingent upon WHITCOM’s agreement with the County to provide services to Asotin County pursuant to the attached agreement. Any refusal by WHITCOM to provide such services shall render this agreement null and void.

9. Previous contracts between the County and the City for dispatch services are rendered null and void upon signing of this contract.

10. This agreement shall be governed by the laws of the State of Washington, both as to interpretation and performance. As a further condition of this agreement, the PARTIES acknowledge that this agreement shall be deemed and construed to have been prepared mutually by each PARTY and it shall be expressly agreed that any uncertainty or ambiguity existing therein shall not be construed against either PARTY. Disputes between the Parties shall first be addressed through discussion and negotiation by representatives of each PARTY. Should resolution via discussion and negotiation be unsuccessful, the Parties shall agree upon a third party to provide non-binding mediation of the issue prior to institution of litigation. Each PARTY shall bear its own costs.

11. The terms of this agreement may be amended by mutual agreement of the City and County, subject to the attached agreement with WHITCOM (Master Agreement). Any suggested changes will be submitted to the Advisory Committee who will have 60 days to review the agreement with all other agencies and respond to the party offering an amendment. If the City disagrees with the response from the Advisory Committee, the proposal may be made to the County who has 45 days to agree, disagree or offer a counter proposal. The parties are aware that the County can request a modification of the master agreement, attached and incorporated by reference, and that any modification of the master agreement will affect all other parties.

12. Any notice under this agreement shall be in writing and shall be effective when actually delivered or three (3) days after deposit in the United States Postal Service mail addressed to the parties as follows:

   City of Asotin:
   City of Asotin
   P.O. Box 517

4. PAYMENT FOR EMERGENCY COMMUNICATION AND DISPATCH SERVICES.

(a) Payment for Call-Taker Salaries
Regionalization of dispatch services has resulted in funding from the Washington State E911 Office of Two Hundred Eighty-Eight Thousand, and no/100 Dollars ($288,000.00) for annual payment of call-taker salaries for the COUNTY from July 1, 2014 through June 30, 2019. This funding shall compensate WHITCOM for the provision of call-taker salaries and WHITCOM shall be responsible for submitting accurate and timely reimbursement requests to the Washington State E911 for call-taker salaries. If the sum allowed by the Washington E911 Call
Taker Salary Grant should increase, the payment for call taker salaries shall also increase by the exact amount allotted. Should the call-taker salary amount of $288,000 decrease, the Agreement shall be subject to renegotiation.

If during the term of this Agreement, the State E911 Office changes its policy and sends the COUNTY call-taker salary monies directly to the COUNTY, the COUNTY shall compensate WHITCOM in four quarterly payments reflecting the yearly amount that has been set by the State E911 for that year. This shall be effective for the five-year term of this Agreement.

(b) Payment for Additional Salaries and Services
In addition to the Washington E911 Call Taker Salary Grant, the COUNTY agrees to pay WHITCOM an additional One Hundred Sixty-Eight Thousand, Eight Hundred Twenty-Six and no/100 Dollars ($168,826.00) to compensate WHITCOM for call-taker salaries which exceed what is available for reimbursement from the Washington State E911 Call Taker Salary Grant. This amount shall be funded by COUNTY local E911 Excise Tax Revenue and should the COUNTY local E911 Excise Tax Revenue decrease by more than 10%, the Agreement shall be subject to renegotiation.

For the Term of this Agreement, the COUNTY shall pay to WHITCOM the annual sum of not more than One Hundred Twenty-Five Thousand Seven Hundred Seventy-Four and 00/100 Dollars ($125,774.00) in quarterly increments of Thirty-One Thousand Four Hundred Forty-Three and 50/100 Dollars ($31,443.50) for the services defined in section 2, b.

If the sum allowed by the Washington E911 Coordinator Professional Development Grant or County Operations Grant should increase for these additional services, the payment for these services shall also increase by the exact amount allotted.

(c) For the Term of the Agreement, the COUNTY shall reimburse WHITCOM for travel expenses not to exceed the eligible amount as allowed and defined by the COUNTY contract with the Washington State E911 Office for each fiscal year related to attendance at Washington State E911 Advisory Committee, Subcommittee, Coordinator Forums and State Sponsored Training. If the COUNTY receives additional grant funds from the State of Washington or any other source for E911 services provided by WHITCOM or related services provided by WHITCOM hereunder, such additional grant funds shall be remitted to WHITCOM for provision of the emergency communication and dispatch services under the terms of this Agreement. Any funds received by the COUNTY, no matter the source, which are not for those services to be provided to the COUNTY by WHITCOM, under the terms of this Agreement, shall be retained by the COUNTY. In addition, any funds which have been received by the COUNTY, from any source, prior to the effective date of this Agreement, for any E911-related services, shall be retained by the COUNTY.

(e) Proration of E911 Grant Funds.

5. EQUIPMENT FOR THE PROVISION OF EMERGENCY COMMUNICATION AND DISPATCH SERVICES.

(a) Provision of Equipment by WHITCOM.

i. WHITCOM agrees to maintain the current WHITCOM infrastructure necessary to establish connectivity to communicate with the COUNTY’s CAD (computer aided dispatch) system for police facilities, fire stations, public works departments, and citizens requesting assistance. Equipment under this clause includes that necessary for both emergency and non-emergency dispatch. WHITCOM’s agreement to do so is based on assurances from the State of Washington Emergency Management Department that all of these costs will be paid for with State E911 grants and is contingent upon availability of sufficient state or federal grant funds available to provide the above-detailed equipment.

ii. The COUNTY understands that recurring E911 telephone line and database charges necessary for Emergency Communication and Dispatch Services are paid by the Washington State E911 office as a statewide service. Any changes in this Statewide Service that would cause additional expense to COUNTY shall be paid by COUNTY. The COUNTY shall be responsible to maintain and replace, as necessary, their current mountaintop, base radios, and response vehicle equipment. Changes or replacement of this equipment will be made in cooperation with WHITCOM.
iii. WHITCOM agrees to furnish such additional items of equipment as necessary, in its judgment, to provide emergency communication and dispatch services to COUNTY without imposition of any costs beyond that set out in Section 4, provided there are sufficient state or federal grant funds available to do so.

(b) **Renewal of Agreement.**

Any renewal of this Agreement, after the initial term, will be subject to negotiation between the COUNTY and WHITCOM.

7. **LIMITATION OF LIABILITY AND HOLD HARMLESS**

(a) Neither the COUNTY nor WHITCOM is responsible for the independent acts and/or omissions of the other PARTY, or their officers, employees, or agents nor, in the case of WHITCOM, are the member public agencies responsible for the independent acts and/or omissions of the PARTIES to the Agreement, COUNTY and WHITCOM.

(b) Further, it is the intent of the PARTIES that each PARTY (including in the case of WHITCOM, its member public agencies) shall be responsible for the negligent, willful, or intentional acts or omissions of their respective public safety personnel.

WHITCOM agrees to utilize any and all payments made to WHITCOM by the COUNTY pursuant to this Agreement only for the provision of emergency communication and dispatch services in a manner consistent with Washington law.

12. NON-APPROPRIATION CLAUSE

In recognizing that each PARTY can only receive budget approval for one (1) fiscal year at a time, non-appropriation will be a legitimate reason for release from this Agreement provided:

(a) Thirty (30) days’ written notice is given to the other PARTY; and

(b) No other funds are appropriated for the same fiscal period that would provide essentially the same or similar services (emergency communications, emergency and routine dispatch, and related services set forth herein) as outlined in this Agreement.
13. INTERPRETATION OF AGREEMENT AND VENUE STIPULATION

(a) Interpretation of Agreement.
This Agreement shall be governed by laws of the State of Washington, both as to interpretation and performance.
